

## 2.4GHz 9.9dBi Vertical Omni Antenna (ANT2OV9)

**Part List:**

1. Element (1)
2. Radial with nut (3)
3. Power Feeding Section (1)
4. Mount Support Bracket (2)
5. Mount Support Pipe (1)
6. Lock Bolt with sp. Washer M6x8 (1)
7. Hex Bolt with sp. Washer M6x30 (1)
8. U-Bolt with sp. Washer & nut (2)

**Assembly and Mounting:**

1. First, attach the 3 radial
2. Tighten the radial lock nuts firmly
3. Attach both mount brackets to the support pipe.
4. Pass the coax through the pipe and connect it to the N-connector. Use the included weather-proof tape to seal the N-connector, then use a layer of electrical tape.
5. Attach support pipe to the power feed section of the antenna, and tighten the lock bolt firmly.
6. Mount the assembled antenna to your mast
